

OFF-CAMPUS HOUSING RESOURCES

Bentley University has partnered with Off-Campus Partners to provide graduate students with the ability to search for and find off-campus housing accommodations in the Waltham and Greater Boston Area. Graduate students who are looking for off-campus accommodations or roommates can visit our Bentley University Off-Campus Housing Service (<https://offcampushousing.bentley.edu/>). This free service allows you to search, save, and compare housing listings from throughout Greater Boston, and provides you with Roommate Finder to link up with potential roommates.

Please note: You will need a Bentley email address to sign up to use the site. If you do not already have a Bentley log-in, please email Graduate Academic Advising & Engagement to retrieve guest credentials.

Bentley University does not offer on-campus housing for graduate students.
