

OFFICE OF STUDENT SUCCESS

The Office of Student Success (<https://www.bentley.edu/offices/academic-services/>) supports undergraduate students to identify and realize their academic goals, complete their degree, and access the full benefits of a Bentley education. Through collaboration with students, faculty, and staff, we strive to enhance student wellbeing and address the evolving needs of our diverse student body. We fulfill this mission by providing academic advising, coaching, tutoring, and accessibility services; promoting academic integrity; connecting students to resources across campus; and tailoring programs to specific student populations.

Included under the umbrella of Student Success is Undergraduate Academic Advising (<https://www.bentley.edu/offices/academic-services/undergraduate-advising-team/>) and Academic Support Services (<https://www.bentley.edu/offices/academic-services/academic-support-services/>), which includes Student Accessibility Services (catalog.bentley.edu/undergraduate/academic-programs-resources/disability-services/), Peer Tutoring, and Student Success Coaching. The office also oversees Bentley's Falcon Discovery Seminar (catalog.bentley.edu/undergraduate/courses/fs/), the Honors Program (catalog.bentley.edu/undergraduate/specialized-programs/honors-program/), and Academic Integrity (catalog.bentley.edu/undergraduate/academic-policies-procedures/#AcademicIntegrity).

Student Success staff and peer advisors/tutors are here to help students get the most out of their Bentley education and complete their degree in a timely manner. We help students do the following:

- Choose major and minor programs of study that align with their life and career goals.
- Design short and long-term academic planning to ensure students accomplish their goals while still completing their degree in a timely manner.
- Understand academic policies and procedures, including academic integrity.
- Receive long-term academic accommodations for learning differences and medical diagnoses.
- Receive short-term academic adjustments for unexpected and extenuating medical or personal circumstances.
- Improve study skills and connect students to resources to support academic success.
- Identify and access high-impact educational experiences.
- Connect students to offices and individuals across campus to help them with particular needs.
