CDI 101 Career Development Seminar  (0 credits)
Career development is an essential part of the undergraduate experience, as students need to be well prepared to not only enter into the unknown world of college recruiting and internships, but to succeed in both. Career Development Introduction Seminar will introduce the foundation of this critical tool development (personal and professional goal self-assessment, resume and cover letter development, interview skills, networking and informational interviewing exploration, utilization of social media, and extended four-year career development stages). This course will teach incoming first-year students how to identify their own interests and skills as they relate to their careers and how to best develop and utilize these necessary tools for their lifelong career development and evolution.
