

INTERNATIONAL AFFAIRS MAJOR (B.A.)

The major in International Affairs (IA) offers students the opportunity to gain knowledge, perspectives, and analytical skills needed to navigate an increasingly globalized world. The curriculum draws on Bentley's business strengths while providing the multidisciplinary perspectives of politics, international relations, geography, and culture that are necessary to understand complex international interactions.

The International Affairs Major emphasizes "hands-on" learning programs, such as internationally focused internships, in-class simulations, and Service-Learning. All IA majors complete an approved international experience (semester or summer study abroad programs or faculty-led international courses).

With the advice of their IA advisor, students design a program that matches their academic interests, career goals, or plans for future graduate or professional studies.

The International Affairs Major prepares students for dynamic careers in the private, public, or nonprofit sectors.
