

# UNDERGRADUATE MINORS

The minors program gives undergraduate students the opportunity to develop more knowledge in an area of study outside their majors and to receive formal recognition for these efforts. All departments offer minors. A minor consists of at least 12-15 credits.

Review the Minors Policy ([catalog.bentley.edu/undergraduate/degree-requirements/#minorspolicies](https://catalog.bentley.edu/undergraduate/degree-requirements/#minorspolicies)) for more information about minor programs and the Course Sharing Policy ([catalog.bentley.edu/undergraduate/degree-requirements/#coursessharingpolicies](https://catalog.bentley.edu/undergraduate/degree-requirements/#coursessharingpolicies)) for guidelines related to how a course may or may not apply to different requirements within the curriculum.
