

MINOR IN BUSINESS ECONOMICS

A Business Economics Minor provides students with more advanced training in microeconomics and macroeconomics to supplement what they received in EC 111. This minor is sufficiently flexible that, with the coordinator's guidance, courses can be chosen to align with the student's academic and career goals.

For further information about policies related to minors, see the Program Policies (catalog.bentley.edu/undergraduate/degree-requirements/#minorspolicies) page.
