

# MINOR IN GENDER AND SEXUALITY STUDIES

The Gender and Sexuality Studies program provides students the opportunity to study how gender structures our lives, ideas, institutions, society, and cultural practices. As an interdisciplinary program, Gender and Sexuality Studies combines the analytic tools of different disciplines, incorporating both practical and theoretical approaches to understanding how gender functions. The program also addresses how differences in racial, ethnic, class, and sexual identity structure the complex nature of gender-based inequity, injustice, and systematic oppression of women.

For further information about policies related to minors, see the Program Policies ([catalog.bentley.edu/undergraduate/degree-requirements/#minorspolicies](https://catalog.bentley.edu/undergraduate/degree-requirements/#minorspolicies)) page.
